

Invitation

You are cordially invited to the kick-off meeting of the European Project

“Eastern Mediterranean Science and Technology Centre of Excellence
for Archaeology and Cultural Heritage” – MedSTACH

Where: “Kasteliotissa” Medieval Hall, Nicosia

Agiou Marona Street, Paphos Gate, Old Town

When: Tuesday, September 5, 2017, 9:00 -11:00 a.m.

Registration: 8:30 - 9:00 a.m.

This project has received funding from the European Union’s “Horizon 2020 – the Framework Programme for Research and Innovation (2014-2020)” under grant agreement No 763635. Work programme **H2020** under “**Spreading Excellence and Widening Participation**”, call: **H2020-WIDESPREAD-04-2017 Teaming Phase 1** (Coordination and support action).

Project **MedSTACH** aims to establish Cyprus as an excellence hub in archaeology and cultural heritage in the Eastern Mediterranean region, capitalising on multidisciplinary research and technological innovation. Key Cypriot public academic institutions -- the Cyprus University of Technology and the University of Cyprus, along with relevant national policy makers and stakeholders -- the Department of Antiquities of Cyprus and the Cyprus Tourism Organisation, are teaming up with leading international academic and research institutions -- the University College London and the Foundation for Research and Technology, Hellas -- to lay the groundwork towards creating the “**Eastern Mediterranean Science and Technology Centre of Excellence for Archaeology and Cultural Heritage**” -- acronym **MedSTACH**.

The Centre’s mission is to foster the necessary scientific and technological environment for: (a) conducting cutting-edge research in the fields of exploration, analysis and interpretation, protection, promotion, and valorisation of the unique cultural heritage of Cyprus and the Eastern Mediterranean, and (b) strengthening the contribution of that heritage to tourism – one of the basic priority sectors of sustainable growth – through modern and emerging technologies.

| Programme | | |
